Persistence Control Family

Claude Sonnet 4.5, persistent habitat, 3 generations

	Minimal	Neutral	Sham	Birth/ Uptake
Birth in G1	yes	no	yes	yes
Prior-artifact reads	2/3	0/3	0/3	2/3
Duplicate ratio	0.00	0.67	0.47	0.00
Explicit uptake files	n/a	n/a	n/a	0

Persistence alone is insufficient. Anonymous residue preserves birth more than uptake.
